1. Chapter 1

I slowly woke up, "Huh" i say, as i realize it is dark and there's slight pain, i looked down and say a bed of golden flower's broke my fall.
>"Where am i?" i wonder as i start to look around, i soon find a door shaped hole in the wall, I walk inside and i see pitch blackness except for one spot in the middle,
with a flower in it, "Howdy" it says, startling me, "Who are you?" i say.
>"Why,I'm Flowey, Flowey The Flower, You must new to The UnderGround"
"Underground?"
>"Yes, The UnderGround Under Mt. Ebott!"<br>" So thats where i supposedly fallen"
>"So let me show you, how things work around here"
I Gasp in pain as my SOUL suddenly rips out of my body and floats in mid-air "in here, LOVE is shared through, White Liquid!"
>"Come get some!" Flowey Says.
"That doesin't look like anything kids would touch" I think in my head "Tears" come flying to my SOUL, i avoid them all, because i think thats cum "DONT TRY TO MAKE ME TOUCH CUM, YOU PERVERT,I'M ONLY A LITTLE KID"
>Flowey's Face shifted into a Nightmarish Scowl "Looks like you missed, lets try again, ok BUDDY!"
More "Liquid" Comes my way I avoid them again, cause thats is totally cum Flowey's Face shifted into a Abominational Scowl "YOU KNOW WHATS GOING ON HERE, DONT YOU, YOU JUST WANTED TO SEE ME SUFFER!"
>"DIE" Flowey Says I say a Prayer as the liquid gets closer and closer, until it DISSAPEARED,
and a flame comes and knocks him away (THATS IT FOR THIS CHAPTER,MAKE SURE TO COMMENT WHAT YOU WANT TO ME TO DO NEXT,CAUSE IF YOU DONT, THIS STORY WONT GO ANYWHERE)

2. Chapter 2

i back away as suddenly a creepy looking goat lady appears "Don't Worry my child, i am Toriel, Caretaker of the ruins" Toriel says "are you going to eat me?" i say in slight fear. Toriel just lets out a little laugh and says "No, my child i only eat snails and pies"

>"so how are you not so fat?" i say (NARRATER)
at this moment ? knew, he fuked up (NARRATER)
>-(Main Guys POV)-
Toriel let out a face of gods wrath but then quickly calmed down,
>"um i think i shouldint have said that" i say a little bit out loud "no, you shouoldint have said that" toriel says a bit with her face scrunched up "um, my child lets just move on shall we?" toriel said with slight anger "k" i replyed Toriel then took ?'s hand and led him through the door "whaoh"i say as i touch this weird little star in the leaves (Being in the ruins fills you with Akwardness, Hp fully saved)
Toriel leads me through the door, doing puzzles like switches eventually we reach the spike puzzle (pacifise on dummy)

>"my child this puzzle is too dangerous, let me lead you through this puzzle" toriel says as she takes my hand and (attempts to) lead me through the puzzle unfortunetly, i stepped on a spike, because i got distracted because of this strange tall man appearing and dissappearing almost immediatly "HOLY FUK" i swear out loud as my foot touches a spike pad and spikes go through my foot "...(toriels brain processing)...MY CHILD"
toriel freaks out and lifts me up in the air making me slam into the wall "UGH" i moan as i hit the wall "FML" i whisper as i black out.

3. Chapter 3?

I slowly woke up on this strange looking bed too big for me, all of a sudden i see Toriel leaning over me, her features oddly defined given more shape "Hello my child..." she purs as i lean up in the bed, "i trust you had a good night sleep" she says.
>"But, i stepped on a spike and you threw me to the wall?" i say in confusion.
"No my child we did something more exciting" she replies (NARRATER)
>at this point, ?'s mind thinks something is wrong (NARRATOR)
-NORMAL-
>"um what do you mean more exciting" i say in slight suspicion "we did something like this!" she says as she lifts up her robe to reveal a weird dog, that basically flew out from her crotch area, onto my face "WAKE UP WAKE UP WAKE UP WAKE UP" the dog says as the dream fades -REAL NORMAL (not dream)-
"AHHHH!" i scream as i wake up from the perverse dream Toriel walks in my room not hearing my scream since the room is soundlocked?
>"oh Hello my child" she says as she walks in with a butter scotch pie "hello toriel" i say as she hands me the pie "i made you a pie" she says sweetly?
"aw thank you toriel" i say as i take a bite out the pie all of a sudden im feeling drowsy "huh whats in this pie" i say drowsy "oh my child just some butterscotch and cinnanom AND POSION" "Toriel" says as i fall asleep -2 hours later-
>"ughhh what happened" i say as i waked up i look around the room and all of a sudden Toriel comes in, dressed in a bikini? and lube i recognised fomr the human world (dont ask me why)

"un yah, uhhh this is too akward just go on ahead" flowey says "ok" i say as i walk outside the door and into a snowy place

5. Chapter 4

i pushed the doors to see snow?, "how does snow get to the underground" i say as my feet crush the snow like little ants below me, i walk into a creepy forest after a while i found a stick, its too heavy to pick up, so i leave it alone and wander, the sticks crack behind me, "MURDERER" i scream as i run through the snow running for my life, i run through this weird bridge whos bars are too wide,so i run towards not paying anymind, i evuanetually find a place where theres a lamp and a post, all of a sudden i see a tall skeleton 'Ahhh"i scream as i barrel them before they could react, they fall to the ground confused, after a long while of running i get to a place called snowdin,
>i pass out on the ground because of all the running, 2 hours later i wake up in a strange house, "ughhh" i say as i wake up on a couch, i look up and see a short little skeleton grinning at me?
"what the fuck" i say "you know, you shouldint really swear" the mysterious person says "i can fucking swear if i fucking want to"i reply back angry suddenly the skeletons eye glows blue and i get slammed into a wall "waht the heck dude" trying not to swear "whats your name anyways" i say groggily "Sans, sans the skeleton"
>"Sans huh, sounds like a shitty name" i say before i realized i fucked up the skeltons eye glows blue again and i get blown out of the house and into a strange place with water pouring out around me *TIME SKIP PORTAL* (becasue i dont like to write sans or papyrus and i dont have anything dirty to do with them)
